

KIDS&FAMILY PORTRAIT PHOTOGRAPHY SESSION INFO

Before Your Session

Contact me via phone or e-mail to schedule your photosession. Once we've decided on a day for the session together, I will contact you once again to discuss location and clothing choices and answer any questions you might have. Your preferred date will be reserved in my calendar for you for 7 days. During that period, a deposit of 50% of your session fee must be received in order to confirm the date for your family. You can mail me a check or use online PayPal service to pay your deposit. The balance will be due on the day of your shoot. The deposit is non-refundable, but may be applied towards a rescheduled session within 12 months.

During Your Session

Sessions typically last about 1,5-2 hours and have a very informal atmosphere. In studio sessions allow for numerous wardrobe changes and different fun props/set ups. For newborn sessions allow at least 2,5 hours of your time. There would be an additional charge of \$25 per person for groups of more than 4 people.

After Your Session

Your edited proofs will be presented approximately 2 weeks after the session in an online, private gallery. Your collection of photos will consist of 50-70 best images that have been artfully processed. Your gallery will be active for a total of 30 days in which you will have time to review your pictures and use your sessions credit to place your order. Along with your prints order you will receive a DVD with all original hi-resolution, unretouched, unwatermarked images (minimum 100).
